

2009 Cobra CX50 Senior – 51cc 7-8 class

2008 was an awesome year for the CX50 Senior. This little bike proved why it's known as the "King" of the 50 class winning championship after championship all season long. Sean Cantrell led the championship count with Clay Woeste sneaking one in claiming the highly sought after Loretta Lynn's Amateur National Championship title. When it comes time to run up front in the 7-8 class no bike even compares!

CX50^{SR}

2009 Improvements:

- 🔧 All new pipe ⇒ Improved low over-rev while maintaining bottom end
- 🔧 Improved front fork cartridge ⇒ Keeps the front wheel in better contact with the racing surface
- 🔧 Improved stanchion tube surface finish ⇒ Smoother fork action
- 🔧 New handlebars ⇒ Improved fit for controls
- 🔧 Improved CFD ⇒ Longer wearing and lighter weight, for reduced maintenance and improved throttle response
- 🔧 New intake system ⇒ Longer reed life and more consistent jetting
- 🔧 Lighter flywheel ⇒ Quicker throttle response
- 🔧 Lower friction water pump ⇒ Increased power transfer
- 🔧 All new aluminum water pump impeller ⇒ Improved cooling and durability
- 🔧 All new polypropylene plastic formulation ⇒ Tougher body panels

Proudly made in the U.S.A
